Impress for Less Design Tips by Esther Nash

Now you can experiment without spending a bundle and still have some change to party with. Fashion Designer, Esther Nash, will guide you through from start to finish, so you can 'Dress to Impress for Less!'

Essential items needed:

1. fabric scissors
2. buttons, safety pins or vintage pins
3. thread and needle
4. patches and crazy glue
5. ruler or measuring tape
6. suspenders and old pants

Step 1

Use a pair of old pants to work with; just make sure they still fit. Try a pair of pants that has texture or a colorful design.

Step 2

Using a ruler, cut the pants to desired length at bottom and at waistband. Be sure to cut straight across so your pants won't become crooked or lopsided.

Step 3

Time to be creative! Decorate pants with buttons, vintage pins, as well as safety pins. Use your imagination to its wildest!!!

Step 4

To complete this funky masterpiece, add these essential items available at **Baby Doll Boutiques:**

1. baby doll topper
2. sequin glitter choker
3. sparkle arm bands
4. ankle dazzler
5. pair of unique earrings

Now you are equipped with the most savvy survival kit! This fashion race will make sure you are at the finish line with the gold!
