Designer Ester Nash Thrills SFW with 'Baby Doll'

Scottsdale- Runway Magazine (www.runwaybeauty.com) kicked off the runway shows of **Scottsdale Fashion Week** with new line **'Baby Doll'** by New York Designer **Ester Nash**. "I am honored to have been part of Scottsdale's Fashion Week," said Nash. "Making fashion 'happen' is exhilarating for me, and I love meeting new people and expanding my line all over the country."

Similarly, Runway Fashion Director **Susan Di Staulo** was pleased with the liaison. "I met Esther at New York Fashion week and knew she had the drive to get things going," she said. "Her sartorial knowledge and creativity are genuine, as she studied design at **FIT (Fashion Institute of Technology)** and **RISD (Rhode Island School of Design)**. I was excited to invite her to Scottsdale and loved helping her plan her presentation. It is always thrilling to bring NYC to Scottsdale, enabling the cultures to mix and mingle."
