

NAME: Esther

Fashion designer, junior
at the Fashion Institute of
Technology

*My prom dress was sheer
and trimmed with ostrich
feathers and topped
with a bustier. I dress like
that all the time. People
assume I'm into S&M.
They're usually shocked
to find out I'm a virgin.*

*I guess my values
stem from my mother.
She waited until she was
married but told me it
was fine for me to have
sex, as long as it was with
someone I cared about.*

*I also watch a lot of
fairy-tale movies. I'm
waiting for my knight in
shining armor to show up.
I'm picky. I want it to be
with someone who knows
I chose him. I want him
to like me for who I am,
not just because he thinks
he's going to get some.*

*It's my body, it's my
life. Why do I have to rush?*
